Nanny Training

Professional training so your nanny cares for your baby to the highest standard.

Professional training to build skilled, confident and compassionate nannies for your little one. Delivered by our certified, DOH-licensed midwife and tailored to your household. Empower your trusted nanny with practical newborn care knowledge and hands-on skills to confidently support your baby from day one.

Your Nanny Will Learn Essential Newborn Care Skills

- Safe newborn handling
- Swaddling & comforting
- Safe bottle preparation & feeding
- Burping techniques
- Diapering & skin care
- Umbilical cord care
- Baby bathing & hygiene
- Safe sleep practices (SIDS prevention)
- Understanding newborn cues
- Crying & soothing techniques
- Temperature monitoring
- Basic infant first aid & choking awareness
- Emergency response
- Feeding logs, routines & record keeping
- Recognising when to alert parents
- Infection prevention
